# **PART 1 - APPLICATION PROCEDURES**

---

## SECTION I - INSTRUCTIONS TO APPLICANTS (ITA)

### B. General

#### 1 Scope of Application

1.1 The name of the Procuring Entity inviting for applications is defined in the **PDS**. The particular type of contract (works, goods or Non-Consulting Services required) and its name and description of the contract(s) and its reference number are defined in the **PDS**. If the scope of contract so defined is in multiple contracts, it will be specified in the **PDS** if prequalification will be based on individual contracts or multiple contracts. The Full scope of Works or Goods or Non-Consulting Services are described in Section V (Scope of Works or goods contract).

2 **Source of Funds** to be specified in the PDS, if deemed necessary.

#### 3 Fraud and Corruption

3.1 The Government of Kenya requires compliance with its Anti-Corruption laws and its prevailing sanctions policies and procedures.

3.2 In further pursuance of this policy, Applicants shall permit and shall cause their agents (where declared or not), subcontractors, sub consultants, service providers, suppliers, and their personnel, to permit the Public Procurement Regulatory Authority (PPRA) to inspect all accounts, records and other documents relating to any initial selection process, prequalification process, tender submission (in case prequalified), proposal submission, and contract performance (in the case of award), and to have them audited by auditors appointed by the PPRA.

#### 4 Collusive practices

4.1 The Procuring Entity requires compliance with the provisions of the Competition Act 2010, regarding collusive practices in contracting. Any applicant found to have engaged in collusive conduct shall be disqualified and criminal and/or civil sanctions may be imposed. To this effect, applicants shall be required to complete and sign a Certificate of Independent Tender Determination" annexed to the Form of applicant.

#### 5 Eligible Applicants

5.1 Applicants shall meet the eligibility criteria as per this ITA and ITA 5.1 and 5.2. An Applicant may be a firm that is a private entity, a state-owned enterprise or institution subject to ITA 5.9 or any combination of such entities in the form of a joint venture ("JV") under an existing agreement or with the intent to enter into such an agreement supported by a letter of intent. In the case of a joint venture, all members shall be jointly and severally liable for the execution of the entire Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the prequalification process, tendering (in the event the JV submits a Tender) and during contract execution (in the event the JV is awarded the Contract). Members of a joint venture may not also make an individual tender, be a subcontractor in a separate tender or be part of another joint venture for the purposes of the same Tender. The maximum number of JV members shall be specified in the PDS.

5.2 Public Officers of the Procuring Entity, their Spouses, Child, Parent, Brothers or Sister. Child, Parent, Brother or Sister of a Spouse, their business associates or agents and firms/organizations in which they have a substantial or controlling interest shall not be eligible to be prequalified. Public Officers with such relatives are also not allowed to participate in any procurement proceedings.

5.3 A firm may apply for prequalification both individually, and as part of a joint venture, or participate as a subcontractor. If prequalified, it will not be permitted to tender for the same contract both as an individual firm and as a part of the joint venture or as a subcontractor. However, a firm may participate as a subcontractor in more than one Tender, but only in that capacity. Tenders submitted in violation of this procedure will be rejected.

5.4 A firm and any of its affiliates (that directly or indirectly control, are controlled by or are under common control with that firm) may submit its application for prequalification either individually, as joint venture or as a subcontractor among them for the same contract. However, if prequalified, only one prequalified Applicant will be allowed to tender for the. All Tenders submitted in violation of this procedure will be rejected.

5.5 An Applicant may have the nationality of any country, subject to the restrictions pursuant to ITA 5.1 and 5.2. An Applicant shall be deemed to have the nationality of a country if the Applicant is constituted, incorporated

or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be. sub-contractors or suppliers for any part of the Contract including related Non-Consulting Services.

- 5.6 Applicants shall not have a conflict of interest. Applicants shall be considered to have a conflict of interest, if they, or any of their affiliates, participated as a consultant in the preparation of the design or technical specifications or have been hired or proposed to be hired by the Procuring Entity as Engineer for contract implementation of the contract(s) that are the subject of this prequalification. In addition, Applicants may be considered to have a conflict of interest if they have a close business or family relationship with a professional staff of the Procuring Entity who:
- a are directly or indirectly involved in the preparation of the prequalification Document or Invitation to Tender (ITT), Document or specifications of the Contract, and/or the Tender evaluation process of such Contract; or
  - b would be involved in the implementation or supervision of such Contract, unless the conflict stemming from such relationship has been resolved in a manner acceptable to the Procuring Entity throughout the prequalification, ITT process and execution of the Contract.
- 5.7 An Applicant that has been debarred shall be ineligible to be initially selected for, prequalified for, tender for, propose for, or be awarded a contract during such period of time as the PPRA shall have determined. The list of debarred firms and individuals is available at [www.ppra.go.ke](http://www.ppra.go.ke)
- 5.8 Applicants that are state-owned enterprise or institutions in Kenya may be eligible to prequalify, compete and be awarded a Contract(s) only if they can establish, in a manner accept able to the Procuring Entity, that they (i) are legally and financially autonomous (ii) operate under commercial law, and (iii) are not under supervision of any public entity.
- 5.9 An Applicant shall not be under sanction of debarment from Tendering by the PPRA as the result of the execution of a Tender/Proposal–Securing Declaration.
- 5.10 An Applicant that is a Kenyan firm or citizen shall provide evidence of having fulfilled his/her tax obligations by producing a current tax clearance certificate or tax exemption certificate issued by the Kenya Revenue Authority.
- 5.11 An Applicant shall provide any other such documentary evidence of eligibility satisfactory to the Procuring Entity, as the Procuring Entity shall reasonably request.

## **6 Eligibility**

- 6.1 Firms and individuals may be ineligible if they are nationals of ineligible countries as indicated herein. The countries, persons or entities are in eligible if:
- a. As a matter of law or official regulations, Kenya prohibits commercial relations with that country, or
  - b. By an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, Kenya prohibits any import of goods or contracting of works or Non- Consulting Services from that country, or any payments to any country, person, or entity in that country.
- 6.2 When the Works, supply of Goods or provision of non-consulting services are implemented a cross jurisdictional boundary (and more than one country is a Procuring Entity, and is involved in the procurement), then exclusion of a firm or individual on the basis of ITA 5.1 (a) above by any country may be applied to that procurement a cross other countries involved, if the Procuring Entities involved in the procurement so agree.
- 6.3 Any goods, works and production processes with characteristics that have been declared by the relevant national environmental protection agency or by other competent authority as harmful to human beings and to the environment shall not be eligible for procurement.

## **B. Contents of the Prequalification Documents**

### **7 Sections of Prequalification Document**

- 7.1 This Prequalification Document consists of parts 1 and 2 which comprise all the sections indicated below, and which should be read in conjunction with any Addendum issued in accordance with IT A8.

## **PART 1 - Prequalification Procedures**

- i) Section I- Instructions to Applicants (ITA)
- ii) Section II - Prequalification Data Sheet (PDS)
- iii) Section III - Qualification Criteria and Requirements
- iv) Section IV- Application Forms

## **PART 2 - Works, Goods, or Non-Consulting Services Requirements**

- i) Section VII- Scope of Works, Goods, or Non-Consulting Services

7.2 Unless obtained directly from the Procuring Entity, the Procuring Entity accepts no responsibility for the completeness of the document, responses to requests for clarification, the minutes of the pre-Application meeting (if any), or Addenda to the Prequalification Document in accordance with ITA 8. In case of any discrepancies, documents issued directly by the Procuring Entity shall prevail.

7.3 The Applicant is expected to examine all instructions, forms, and terms in the Prequalification Document and to furnish with its Application all information or documentation as is required by the Prequalification Document.

## **8 Clarification of Prequalification Documents, site visit(s) and Pre-Application Meeting**

8.1 An Applicant requiring any clarification of the Prequalification Document shall contact the Procuring Entity in writing at the Procuring Entity's address indicated in the **PDS**. The Procuring Entity will respond in writing to any request for clarification provided that such request is received no later than fourteen (14) days prior to the deadline for submission of the applications. The Procuring Entity shall forward a copy of its response to all prospective Applicants who have obtained the Prequalification Document directly from the Procuring Entity, including a description of the inquiry but without identifying its source. If so indicated in the **PDS**, the Procuring Entity shall also promptly publish its response at the webpage identified in the **PDS**. Should the Procuring Entity deem it necessary to amend the Prequalification Document as a result of a clarification, it shall do so following the procedure under ITA 8. And in accordance with the provisions of ITA 17.2.

8.2 The Applicant, at the Applicant's own responsibility and risk, is encouraged to visit and examine and inspect the Site of the required contracts and obtain all information that may be necessary for preparing the application. The costs of visiting the Site shall be at the Applicant's own expense. The Procuring Entity shall specify in the **PDS** if a pre-application meeting will be held, when and where. The Procuring Entity shall also specify in the **PDS** if a pre-arranged Site visit will be held and when. The Applicant's designated representative is invited to attend a pre- application meeting and a pre-arranged site visit. The purpose of the meetings will be to clarify issues and to answer questions on any matter that may be raised at that stage.

8.3 The Applicant is requested to submit any questions in writing, to reach the Procuring Entity not later than the period specified in the **PDS** before the submission date of applications.

8.4 Minutes of a pre-arranged site visit and those of the pre-application meeting, if applicable, including the text of the questions asked by Applicants and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all Applicants who have acquired the prequalification documents. Minutes shall not identify the source of the questions asked.

8.5 The Procuring Entity shall also promptly publish anonymized (*no names*) Minutes of the pre-arranged site visit and those of the pre-proposal meeting at the web page identified **in the PDS**. Any modification to the Prequalification Documents that may become necessary as a result of the pre-arranged site visit and those of the pre-application meeting shall be made by the Procuring Entity exclusively through the issue of an Addendum pursuant to PDS 8 and not through the minutes of the pre-application meeting. Non-attendance at the pre-arranged site visit and the pre-tender meeting will not be a cause for disqualification of a Tenderer.

## **9 Amendment of Prequalification Document**

9.1 At any time prior to the deadline for submission of Applications, the Procuring Entity may amend the Prequalification Document by issuing an Addendum.

9.2 Any Addendum issued shall be part of the Prequalification Document and shall be communicated in writing to all Applicants who have obtained the Prequalification Document from the Procuring Entity. The Procuring Entity shall promptly publish the Addendum at the Procuring Entity's webpage identified in the PDS.

9.3 To give Applicants reasonable time to take an Addendum into account in preparing their Applications, the Procuring Entity may, at its discretion, extend the deadline for the submission of Applications in accordance with ITA 17.2.

## **C. Preparation of Applications**

### **10 Cost of Applications**

10.1 The Applicant shall bear all costs associated with the preparation and submission of its Application. The Procuring Entity will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the prequalification process.

### **11 Language of Application**

11.1 The Application as well as all correspondence and documents relating to the prequalification exchanged by the Applicant and the Procuring Entity, shall be written in English Language. Supporting documents and printed literature that are part of the Application may be in another language, provided they are accompanied by an accurate translation of the relevant passages in the English language, in which case, for purposes of interpretation of the Application, the translation shall govern.

### **12 Documents Comprising the Application**

12.1 The Application shall comprise the following:

- a. Application Submission Letter, in accordance with ITA 13.1;
- b. Eligibility: documentary evidence establishing the Applicant's eligibility, in accordance with ITA 14.1;
- c. Qualifications: documentary evidence establishing the Applicant's qualifications, in accordance with ITA 15; and
- d. Any other document required as specified in the PDS.

12.2 The Applicant shall furnish information on commissions and gratuities, if any, paid or to be paid to agents or any other party relating to this Application.

### **13 Application Submission Letter**

13.1 The Applicant shall complete an Application Submission Letter as provided in Section IV (Application Forms). This Letter must be completed without any alteration to its format.

### **14 Documents Establishing the Eligibility of the Applicant**

14.1 To establish its eligibility in accordance with ITA 4, the Applicant shall complete the eligibility declarations in the Application Submission Letter and Forms ELI (eligibility) 1.1 and 1.2, included in Section IV (Application Forms).

### **15 Documents Establishing the Qualifications of the Applicant**

15.1 To establish its qualifications to perform the contract(s) in accordance with Section III, Qualification Criteria and Requirements, the Applicant shall provide the information requested in the corresponding Information Sheets included in Section IV (Application Forms).

15.2 Wherever an Application Form requires an Applicant to state a monetary amount, Applicants should indicate the Kenya Shilling equivalent using the rate of exchange determined as follows:

- a For construction turnover or financial data required for each Year-Exchange rate prevailing on the last day of the respective calendar year (in which the amounts for that year is to be converted).
- b Value of single Contract-Exchange rate prevailing on the date of the contract.

15.3 Exchange rates shall be taken from the publicly available source identified in the PDS. Any error in determining the exchange rates in the Application may be corrected by the Procuring Entity.

15.4 Applicants shall be asked to provide, as part of the data for qualification, such information, including details of ownership, as shall be required to determine whether, according to the classification established by the Procuring Entity, a particular contractor or group of contractors qualifies for a margin of preference. Further the information will enable the Procuring Entity identify any actual or potential conflict of interest in relation to the

procurement and/or contract management processes, or a possibility of collusion between Applicants, and thereby help to prevent any corrupt influence in relation to the procurement processor contract management.

- 15.5 The purpose of the information described in ITT 6.2 above overrides any claims to confidentiality which an Applicant may have. There can be no circumstances in which it would be justified for an Applicant to keep information relating to its ownership and control confidential where it is tendering to undertake public sector work and receive public sector funds. Thus, confidentiality will not be accepted by the Procuring Entity as a justification for an Applicant's failure to disclose, or failure to provide required information on its ownership and control.
- 15.6 The Applicant shall provide further documentary proof, information or authorizations that the Procuring Entity may request in relation to ownership and control which information on any changes to the information which was provided by the Applicant under ITT 6.3. The obligations to require this information shall continue for the duration of the procurement process and contract performance and after completion of the contract, if any change to the information previously provided may reveal a conflict of interest in relation to the award or management of the contract.
- 15.7 All information provided by the Applicant pursuant to these requirements must be complete, current and accurate as at the date of provision to the Procuring Entity. In submitting the information required pursuant to these requirements, the Applicant shall warrant that the information submitted is complete, current and accurate as at the date of submission to the Procuring Entity.
- 15.8 If an Applicant fails to submit the information required by these requirements, its application will be rejected. Similarly, if the Procuring Entity is unable, after taking reasonable steps, to verify to a reasonable degree the information submitted by an Applicant pursuant to these requirements, then the application will be rejected.
- 15.9 If information submitted by an Applicant pursuant to these requirements, or obtained by the Procuring Entity (whether through its own enquiries, through notification by the public or otherwise), shows any conflict of interest which could materially and improperly benefit the Applicant in relation to the procurement or contract management process, then:
- If the procurement process is still ongoing, the Applicant will be disqualified from the procurement process,
  - If the contract has been awarded to that Applicant, the contract award will be set aside,
- 15.10 the Applicant will be referred to the relevant law enforcement authorities for investigation of whether the Applicant or any other persons have committed any criminal offence.
- 15.11 If an Applicant submits information pursuant to these requirements that is incomplete, inaccurate or out-of-date, or attempts to obstruct the verification process, then the consequences ITT 6.7 will ensue unless the Applicant can show to the reasonable satisfaction of the Procuring Entity that any such act was not material, or was due to genuine error which was not attributable to the intentional act, negligence or recklessness of the Applicant.

## **16 Signing of the Application and Number of Copies**

- 16.1 The Applicant shall prepare one original of the documents comprising the Application as described in ITA 11 and clearly mark it "ORIGINAL". The original of the Application shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Applicant. In case the Applicant is a JV, the Application shall be signed by an authorized representative of the JV on behalf of the JV and so as to be legally binding on all the members as evidenced by a power of attorney signed by their legally authorized signatories.
- 16.2 The Applicant shall submit copies of the signed original Application, in the number specified in the PDS, and clearly mark them "COPY". In the event of any discrepancy between the original and the copies, the original shall prevail.

## **D. Submission of Applications**

### **17 Sealing and Marking of Applications**

- 17.1 The Applicant shall enclose the original and the copies of the Application in a sealed envelope that shall:
- Bear the name and address of the Applicant;
  - Be addressed to the Procuring Entity, in accordance with ITA 17.1; and
  - Bear the specific identification of this prequalification process indicated in the PDS 1.1.
- 17.2 The Procuring Entity will accept no responsibility for not processing any envelope that was not identified as

required in ITA 16.1 above.

## **18 Deadline for Submission of Applications**

- 18.1** Applicants may either submit their Applications by mail or by hand. Applications shall be received by the Procuring Entity at the address and no later than the deadline indicated in the PDS. When so specified in the PDS, Applicants have the option of submitting their Applications electronically, in accordance with electronic Application submission procedures specified in the **PDS**.
- 18.2** The Procuring Entity may, at its discretion, extend the deadline for the submission of Applications by amending the Prequalification Document in accordance with ITA 8, in which case all rights and obligations of the Procuring Entity and the Applicants subject to the previous deadline shall thereafter be subject to the deadline as extended.

## **19 Late Applications**

- 19.1** The Procuring Entity reserves the right to accept applications received after the deadline for submission of applications, unless otherwise specified in the **PDS**. If late applications will be accepted, they must be received not later than the date specified in the **TDS** after the deadline for submission of applications.

## **20. Opening of Applications**

- 20.1** The Procuring Entity shall open all Applications at the date, time and place specified in the **PDS**. Late Applications shall be treated in accordance with ITA 19.1.
- 20.2** Applications submitted electronically (if permitted pursuant to ITA 17.1) shall be opened in accordance with the procedures specified in the **PDS**.
- 20.2** The Procuring Entity shall prepare a record of the opening of Applications to include, as a minimum, the name of the Applicants. A copy of the record shall be distributed to all Applicants.

## **E. Procedures for Evaluation of Applications**

### **21 Confidentiality**

- 21.1** Information relating to the Applications, their evaluation and results of the prequalification shall not be disclosed to Applicants or any other persons not officially concerned with the prequalification process until the notification of prequalification results is made to all Applicants in accordance with ITA 28.
- 21.2** From the deadline for submission of Applications to the time of notification of the results of the prequalification in accordance with ITA 28, any Applicant that wishes to contact the Procuring Entity on any matter related to the prequalification process may do so only in writing.

### **22 Clarification of Applications**

- 22.1** To assist in the evaluation of Applications, the Procuring Entity may, at its discretion, ask an Applicant for a clarification (including missing documents) of its Application, to be submitted within a stated reasonable period of time. Any request for clarification from the Procuring Entity and all clarifications from the Applicant shall be in writing.
- 22.1** If an Applicant does not provide clarifications and/or documents requested by the date and time set in the Procuring Entity's request for clarification, its Application shall be evaluated based on the information and documents available at the time of evaluation of the Application.

### **23 Responsiveness of Applications**

- 23.1** The Procuring Entity may reject any Application which is not responsive to the requirements of the Prequalification Document. In case the information furnished by the Applicant is incomplete or otherwise requires clarification as per ITA 21.1, and the Applicant fails to provide satisfactory clarification and/or missing information, it may result in disqualification of the Applicant.

### **24 Margin of Preference**

- 24.1** Unless otherwise specified in the **PDS**, a margin of preference shall not apply in the Tendering process resulting

from this prequalification.

## **25 Nominated Subcontractors**

- 25.1 Unless otherwise stated in the PDS, the Procuring Entity does not intend to execute any specific elements of the works by sub-contractors selected in advance by the Procuring Entity (so-called “Nominated Subcontractors”).
- 25.2 The Applicant shall not propose to subcontract the whole of the Works or Goods. The maximum limit of subcontracting permitted under the contract may be specified by the Procuring Entity in the Tendering Document. The Procuring Entity, in ITA 25.2, may permit the Applicant to propose subcontractors for certain specialized parts of the contract as indicated there in as (“Specialized Subcontractors”). Applicants planning to use such Specialized Subcontractors shall specify, in the Application Submission Letter, the activity(ies) or parts of the Works proposed to be subcontracted along with details of the proposed subcontractors including their qualification and experience.

## **F. Evaluation of Applications and Prequalification of Applicants**

### **26 Evaluation of Applications**

- 26.1 The Procuring Entity shall use the factors, methods, criteria, and requirements defined in Section III, Qualification Criteria and Requirements, to evaluate the qualifications of the Applicants, and no other methods, criteria, or requirements shall be used. The Procuring Entity reserves the right to waive min or deviations from the qualification criteria if they do not materially affect the technical capability and financial resources of an Applicant to perform the Contract.
- 26.2 Subcontractors proposed by the Applicant shall be fully qualified and meet the minimum specific experience criteria as specified for their parts of the proposed contract for Works or Goods or non-consulting services. The subcontractor's qualifications shall not be used by the Applicant to qualify for the Works or Goods or non-consulting services unless their parts of the Works or Goods or non-consulting services were previously designated by the Procuring Entity in the PDS as can be met by Specialized Subcontractors, in which case:
- i) The Specialized Subcontractors shall meet the minimum qualification requirements specified in Section III, and
  - ii) the qualifications with respect to specific experience of the Specialized Subcontractor proposed by the Applicant may be added to the qualifications of the Applicant for the purpose of the evaluation. Unless the Applicant has been determined prequalified on its own without taking into account the qualification and experience of the proposed specialized sub-contractor, the tender submitted by the Applicant shall include the same specialized sub-contractor failing which, such tender may be rejected unless a change in the specialized sub-contractor was requested by the Applicant and approved by the Procuring Entity subsequent to prequalification but before the tender submission deadline in accordance with ITA 30.
- 26.3 In case of multiple contracts, Applicants should indicate in their Applications the individual contract or combination of contracts in which they are interested. The Procuring Entity shall prequalify each Applicant for each lot and for a combination of contracts for which the Applicant has thereby indicated its interest and for which the Applicant meets the appropriate aggregate requirements the Eligibility and Qualification Criteria.
- 26.4 Further, in the case of multiple contracts, the Procuring Entity will prepare the Eligibility and Qualification Criteria Form for items 3.1, 3.2, 4.2(a) and 4.2(b) for each Lot, to be completed by applicants.
- 26.5 Only the qualifications of the Applicant shall be considered. The qualifications of other firms, including the Applicant's subsidiaries, parent entities, affiliates, subcontractors (other than Specialized Subcontractors in accordance with ITA 25.2 above) or any other firm(s) different from the Applicant shall not be considered.

### **27 Procuring Entity's Right to Accept or Reject Applications**

- 27.1 The Procuring Entity reserves the right to accept or reject any Application, and to annul the prequalification process and reject all Applications at any time, without thereby incurring any liability to the Applicants.

### **28 Prequalification of Applicants**

- 28.1 All Applicants whose Applications substantially meet or exceed the specified qualification requirements will

be prequalified by the Procuring Entity. The Procuring Entity shall notify all Applicants in writing of the names of those Applicants who have been prequalified or conditionally prequalified. In addition, those Applicants who have been disqualified will be informed separately.

28.32 Applicants that have not been prequalified may write to the Procuring Entity to request, in writing, the grounds on which they were disqualified.

## **28 Invitation to Tender**

29.1 Promptly after the notification of the results of the prequalification, the Procuring Entity shall invite Tenders from all the Applicants that have been prequalified or conditionally prequalified.

28.2 Applicants may be required to provide a Tender Security or a Tender-Securing Declaration acceptable to the Procuring Entity in the form and an amount to be specified in the tendering document.

28.3 The successful Applicant shall be required to provide a Performance Security as specified in the tendering document.

## **29 Changes in Qualifications of Applicants**

30.1 Any change in the structure or formation of an Applicant after being prequalified in accordance with ITA 27 and invited to tender (including, in the case of a JV, any change in the structure or formation of any member and also including any change in any specialized subcontractor whose qualifications were considered to prequalify the Applicant) shall be subject to the written approval of the Procuring Entity prior to the deadline for submission of Tenders. Such approval shall be denied if (i) a prequalified applicant proposes to associate with a disqualified applicant or in case of a disqualified joint venture, any of its members; (ii) as a consequence of the change, the Applicant no longer substantially meets the qualification criteria set forth in Section III (Qualification Criteria and Requirements); or (iii) in the opinion of the Procuring Entity, the change may result in a substantial reduction in competition. Any such change should be submitted to the Procuring Entity not later than fourteen (14) days after the date of the Invitation to Tender.

## **31 Procurement Related Complaints and Administrative Review**

31.1 The procedures for making a Procurement-related Complaint are as specified in the PDS.

31.2 A request for administrative review shall be made in the form provided.

**SECTION II - PREQUALIFICATION DATA SHEET (PDS)**

## 5. Form FIN – 3.1 - Financial Situation and Performance

### Financial Situation and Performance

[The following table shall be filled in for the Applicant and for each member of a Joint Venture]

Applicant's Name: ..... [insert full name]

Date: ..... [insert day, month, year]

Joint Venture Member Name: ..... [insert full name]

ITT No. and title: ..... [insert ITT number and title]

Page..... [insert page number] of [insert total number] pages

#### 1. Financial data

Type of Financial information in (currency)	Historic information for previous <i>[insert number]</i> years, <i>[insert in words]</i> (amount in currency, currency, exchange rate*, USD equivalent)				
	Year 1	Year 2	Year 3	Year4	Year 5
<b>Statement of Financial Position (Information from Balance Sheet)</b>					
Total Assets (TA)					
Total Liabilities (TL)					
Total Equity/Net Worth (NW)					
Current Assets (CA)					
Current Liabilities (CL)					
Working Capital (WC)					
<b>Information from Income Statement</b>					
Total Revenue (TR)					
Profits Before Taxes (PBT)					
<b>Cash Flow Information</b>					
Cash Flow from Operating Activities					

\* Refer ITA 14 for the exchange rate

## 5.2 Sources of Finance

*[The following table shall be filled in for the Applicant and all parties combined in case of a Joint Venture]*

Specify sources of finance to meet the cash flow requirements on works currently in progress and for future contract commitments.

No.	Source of finance	Amount (Kenya shilling equivalent)
1		
2		
3		

## 5.3 Financial documents

The Applicant and its parties shall provide copies of financial statements for *[number]* years pursuant Section III, Qualifications Criteria and Requirements, Sub-factor 3.1. The financial statements shall:

- a) reflect the financial situation of the Applicant or in case of JV member, and not an affiliated entity (such as parent company or group member).
  - b) Be independently audited or certified in accordance with local legislation.
  - c) Be complete, including all notes to the financial statements.
  - d) Correspond to accounting periods already completed and audited.
- Attached are copies of financial statements<sup>1</sup> for the *[number]* years required above; and complying with the requirements

<sup>1</sup>If the most recent set of financial statements is for a period earlier than 12 months from the date of Application, the reason for this should be justified.

**6 Form FIN - 3.2 - Average Annual Construction or Supply Contracts Turnover**

*[The following table shall be filled in for the Applicant and for each member of a Joint Venture]* Applicant's

Name: ..... *[insert full name]*

Date: ..... *[insert day, month, year]*

Joint Venture Member Name: ..... *[insert full name]*

ITT No. and title: *[insert ITT number and title]*

Page.....*[insert page number]* of .....*[insert total number]* pages Table A (Complete if Contractor)

Annual turnover data (construction only)			
Year	Amount Currency	Exchange rate*	USD equivalent
<i>[indicate calendar year]</i>	<i>[insert amount and indicate currency]</i>		
		Average Annual Construction Turnover **	

\* Refer ITA 14 for date and source of exchange rate.

\*\* Total Kenya shilling equivalent for all years divided by the total number of years. See Section III, Qualification Criteria and Requirements, 3.2.

**Table B (Complete if Supplier)**

Annual turnover data (Supply contracts)			
Year	Amount Currency	Exchange rate*	USD equivalent
<i>[indicate calendar year]</i>	<i>[insert amount and indicate currency]</i>		
		Average Annual Construction Turnover **	

Refer ITA 15 for date and source of exchange rate.

\*\* Total Kenya shilling equivalent for all years divided by the total number of years. See Section III, Qualification Criteria and Requirements, 3.2.

**7 Form EXP - 4.1 - General Construction or Supply or service Contract Experience (Select one)**

*[The following table shall be filled in for the Applicant and in the case of a JV Applicant, each Member]  
Applicant's Name: [insert full name]*

Date: ..... *[insert day, month, year]*

Joint Venture Member Name: ..... *[insert full name]*

ITT No. and title: ..... *[insert ITT number and title]*

Page ..... *[insert page number]* of *[insert total number]* pages

*[Identify contracts that demonstrate continuous construction work over the past [number] years pursuant to Section III, Qualification Criteria and Requirements, Sub-Factor 4.1. List contracts chronologically, according to their commencement (starting) dates.]*

Starting Year	Ending Year	Contract Identification	Role of Applicant
<i>[indicate year]</i>	<i>[indicate year]</i>	Contract name: <i>[insert full name]</i> Brief Description of the Works performed by the Applicant: <i>[describe works performed briefly]</i> Amount of contract: <i>[insert amount in currency, mention currency used, exchange rate and KENYA SHILLING equivalent*]</i> Name of Procuring Entity: <i>[indicate full name]</i> Address: <i>[indicate street/number/town or city/country]</i>	<i>[insert "Prime Contractor" or "JV Member" or "Sub-contractor" or "Management Contractor"]</i>

## **PART 2 - WORKS, GOODS OR NON - CONSULTING SERVICES REQUIREMENTS**

---

**SECTION V - SCOPE OF WORKS, Goods or Non-Consulting Services required**

**SCOPE OF WORKS AND EVALUATION CRITERIA FOR REGISTRATION OF SUPPLIERS FOR CATEGORY THIWASCO/036/RSWC/2022-2024 REGISTRATION OF INDIVIDUAL CONSULTANTS FOR CIVIL, ELECTRICAL AND MECHANICAL WORKS-SMALL WORKS**

**TERMS OF REFERENCE FOR CONSULTING SERVICES FOR INDIVIDUAL CONSULTANTS - Civil, Mechanical and Electrical**

**1. Brief description of the Company**

Thika Water & Sewerage Company Ltd was registered in the year 2009 as Water and Sewerage services providing Company. Through-out its operation period, Thika Water & Sewerage Company Ltd., here-in-elsewhere referred to as THIWASCO has grown to be a reputable institution and has earned respect in the distribution of safe and quality water and sewerage services in the region.

Thika Water and Sewerage Company (THIWASCO) evolved from what was started as a Water project in 1950. The water project was then commissioned in 1956 and later operated as one of the departments of the Municipal Council of Thika covering an area of 93 km<sup>2</sup> until 7th September 2009 when it started operation as a Company under Athi Water Services Board (AWSB) after its incorporation in July 2009 with a mandate to serve approximately 254 km<sup>2</sup>.

THIWASCO is mandated to serve the entire Thika Sub-county and neighbourhood areas of Witeithie in Juja Sub-county, Githingiri, Bahati Ridge, Thika Greens and Mwana Wi Kio in Murang'a County.

Through-out its operation period, Thika Water & Sewerage Company Ltd., here-in-elsewhere referred to as THIWASCO has grown to be a reputable institution and has earned respect in the distribution of safe and quality water and sewerage services in the region becoming 2nd overall on WASREB Impact Report No. 10 and ISO 9001 – 2015 certified

**2. Objectives**

The aims to aim of the individual Consultants to provide Professional services and technical guidance and engineering support to to the Company in order to ensure the objectives of the company are met. These are to deliver Adequate, safe, accessible water and sewerage services for all. The Individual Consultants are expected to provide assistance and technical expertise in the following areas

- Sourcing of water;
- Treatment, storage and distribution of water
- Conservation of water;
- Provision of sewerage services;
- Billing and revenue collection in relation to water and sewerage
- Water and sewerage infrastructure management.

**1. SCOPE OF WORKS FOR CIVIL WORKS CONSULTANT**

The Civil Works Consultant will perform the following services and that will be approved by THIWASCO and will be an advisor and a supervisor of technical activities related to Civil works during project planning, implementation and commissioning. As such there will be involvement with, but not necessarily limited to, design preparation, assessment of the adequacy of water supply sewerage services, work plans, contract management, site visits, checking compliance with technical drawings and development of maintenance

routines. The detailed scope of the services of the Civil Works will include but not necessarily be limited to the following:

- Provide engineering and technical support in revising existing water supply and sewerage system design specifications.
- Provision of technical input to the designs, procurement plans, tender documents and TORs that include feasibility study, design, implementation/construction, stakeholder involvement, quality control of project implementation.
- Undertake Engineering survey and present the data in autocad drawings in form of profiles e.t.c
- Assist water and sewerage department in developing SOPs required for the water supply and sewerage service delivery.
- Provide technical and engineering support in upgrading existing water supply and sewerage infrastructure
- Providing support and technical input to the design, implementation/construction, stakeholder involvement, quality control and risk management
- Providing support and technical input towards the design and revision of detailed work plans, related procurement plans, tender documents, TORs, implementation and review of project deliverables
- Provide hands-on support to the Project Manager, other project staff and the Department in the areas of project management and planning, management of site activities, regular monitoring of the project;
- Review and assess existing sewage treatment plants and assist in finding a solution for upgrading and modifying existing water and sewage infrastructure.
- Formulate a framework and a mechanism to ensure material and equipment used in water supply and sewerage facilities comply regulatory standards
- Verify the BOQs and bidding documents in line with the current market rates, government guidelines and FIDIC conditions of contract.
- Ensure the invitation of bids, bids evaluation, and awarding of contract by the Company is done in a transparent manner and in accordance to the Public Procurement and Assets Disposal Act, 2015 requirements.
- Ensure that the Company selects the most appropriate sites for the construction of the water and sewerage infrastructure while taking into account the local conditions (legal and technical constraints and social circumstances).
- Periodically support the Company in the inspection of works during distinct milestones to ensure compliance to the set works specification, timelines and cost.
- Ensure that the materials procured are of good quality and to specifications.
- Ensure the contract(s) signed between the Company and the Contractor(s) are respected. Provide support to the Company to facilitate contract management.
- Ensure that technical works are coordinated with the non-technical activities.
- Participate in Project Inspection, Preparation of snag list of defects, handing over, preparation of completion reports and completion certificates.
- Provide support to the Company enabling staff to carry out all necessary maintenance & repair works.
- Assist the Company in development of operation and maintenance plans.
- Provide on-the-job training of Company staff responsible for the operation and
- Provide all necessary technical advice to the Company and/or Contractor.
- Report poor quality of works, deviations from technical drawings and delays to the Company.
- Prepare Monthly Progress Reports capturing the achievements of the reporting period, the constraints/challenges faced and the reasons for the variance from the work plan. The reports shall be submitted to the Project manager on monthly basis.

### Evaluation criteria for the Civil Works Consultant

Mandatory Requirements	Responsiveness	Not Responsive	Indicate reference No. where evidence
Valid Good Conduct Certificate			
Valid CRB Clearance Certificate			
Valid Helb Clearance Certificate			
Valid Ethics and Corruption Commission certificate			
Valid Kenya Revenue Authority Clearance certificate			
Registered with the Engineers Board of Kenya.			
At least 10 years Minimum relevant experience with water and sanitation Projects			
Indicate the Type of Consultancy services 1=Civil, 2=Mechanical, 3=Electrical			
Professional Indemnity Cover			
<b>Note: Noncompliance to any of the mandatory requirements will lead to automatic disqualification and will not proceed to technical evaluation stage</b>			
<b>Technical requirements</b>			
Updated CV and Cover letter			
Master Degree in Civil, Sanitation, Water Engineering or relevant courses			
Bachelor's Degree in Civil, Water Engineering or relevant courses			
Demonstrate an understanding of Kenya Government procurement systems.			
Proficiency in computer aided-design software			
Proficiency in computer GIS and mapping Software (ArcGIS, QGIS)			
Years relevant experience with water and sanitation Projects for 10 years			
Demonstrate an understanding of the water sector and sanitation sectors in Kenya as indicated in the CVs and qualifications			
Demonstrate an understanding of County Government operations and functions.			
Specific experience of the individual consultant related to the assignment			
Experience in Donor funded Projects			
<b>Note: Noncompliance to any of the technical requirements will lead to automatic disqualification</b>			

## **2. SCOPE OF WORKS FOR MECHNAICAL WORKS CONSULTANT**

The Mechanical Works Consultant will perform the following services and that will be approved by THIWASCO and will be an advisor and a supervisor of technical activities related to Mechanical works during project planning, implementation and commissioning. As such there will be involvement with, but not necessarily limited to, design preparation, assessment of the adequacy of water supply sewerage services, work plans, contract management, site visits, compliance with technical drawings and development of maintenance routines. The detailed scope of the services of the Civil Works will include but not necessarily be limited to the following:

- Provide engineering and technical support in revising existing water supply and sewerage system design specifications.
- Provision of technical input to the designs, procurement plans, tender documents and TORs that include feasibility study, design, implementation/construction, stakeholder involvement, quality control of project implementation.
- Undertake design and tendering of mechanical/piping works related to water supply, wastewater, potable water and pump stations.
- Prepare and review reports and design documentation for mechanical/piping works related to water supply, wastewater, storm-water, and pump stations according to standards and regulations (electric control panels, pumps, pipelines, suction and discharge pipes, flow, level & pressure control equipment, pressure vessel, valves, reservoirs, transformers, gauges)
- Manage Contractors, undertake technical reviews, and progress reporting and liaising with developers, internal and external members
- Quality control for on-site equipment. Control of procedures applied for the storage and warehousing of the hydro-electromechanical systems.
- Review and / or supervise the preparation of construction estimates, schedules and budgets as required.
- Performs technical reviews of drawings, product data, material samples, purchase orders, subcontracts, inspection reports, delivery schedules, instruction manuals, Contractors' shop drawings and technical data to assure compliance with the requirements of the Contract package
- Participate with Technical department and other departments in design and construction of water supply & Sewerage projects and and advice suitable solutions according to the performance of electromechanical equipment.
- Ensure the relevant QA procedures are followed without exceptions
- Assistance the Company in and supervision of works, acceptance & testing
- Technical review of compliant drawings relating to the hydro-electromechanical equipment,
- Control of fabrication of mechanical & hydro-electromechanical equipment
- Provide Technical Assistance in Calibration of Electro-mechanical Equipment
- Control on site hydro-electromechanical construction and installation (welding, pumps, pipelines, electric control panels, MV/LV unit, transformer, valves, bridled parts, gates, section and discharge pipes, reservoirs equipment, crane, thermo generator, pressure vessel).
- Assist water and sewerage department in developing SOPs required for the water supply and sewerage service delivery.
- Provide technical and engineering support in upgrading existing water supply and sewerage infrastructure
- Providing support and technical input to the design, implementation/construction, stakeholder involvement, quality control and risk management
- Providing support and technical input towards the design and revision of detailed work plans, related procurement plans, tender documents, TORs, implementation and review of project deliverables
- Provide hands-on support to the Project Manager, other project staff and the Technical Department in the areas of project management and planning, management of site activities, regular monitoring of the project;

- Formulate a framework and a mechanism to ensure material and equipment used in water supply and sewerage facilities comply regulatory standards
- Verify the BOQs and bidding documents in line with the current market rates, government guidelines and FIDIC conditions of contract.
- Ensure the invitation of bids, bids evaluation, and awarding of contract by the Company is done in a transparent manner and in accordance to the Public Procurement and Assets Disposal Act, 2015 requirements.
- Periodically support the Company in the inspection of works during distinct milestones to ensure compliance to the set works specification, timelines and cost.
- Ensure that the materials procured are of good quality and to specifications.
- Ensure the contract(s) signed between the Company and the Contractor(s) are respected. Provide support to the Company to facilitate contract management.
- Participate in Project Inspection, Preparation of snag list of defects, handing over, preparation of completion reports and completion certificates.
- Provide support to the Company enabling staff to carry out all necessary
- maintenance & repair works.
- Assist the Company in development of operation and maintenance plans.
- Provide on-the-job training of Company staff responsible for the operation and
- Provide all necessary technical advice to the Company and/or Contractor.
- Prepare Monthly Progress Reports capturing the achievements of the reporting period, the constraints/challenges faced and the reasons for the variance from the work plan. The reports shall be submitted to the Project manager one monthly basis.

### SCOPE OF WORKS FOR ELECTRICAL WORKS CONSULTANT

The Electrical Works Consultant will perform the following services and that will be approved by THIWASCO and will be an advisor and a supervisor of technical activities related to Electrical works during project planning, implementation and commissioning. As such there will be involvement with, but not necessarily limited to, design preparation, assessment of the adequacy of water supply sewerage services, work plans, contract management, site visits, compliance with technical drawings and development of maintenance routines. The detailed scope of the services of the Electrical Works will include but not necessarily be limited to the following:

- Conduct analysis on the design of an electrical system in a commercial or residential building and suggest solutions or possible improvements
- Develop Electrical drawings (high-low voltage systems while also accounting for data, telecommunication etc.) for construction/installation
- Utilize AutoCAD to draft electrical construction drawings, Plans, Site Plans, Equipment Details and Wiring Diagrams for pumping station or other electrical works.
- Coordinate with other engineering trades, including Civil, Mechanical, and Process Engineering to ensure a complete and comprehensive Electrical design.
- Analyse existing and proposed electrical loads to size electrical services, feeders, and branch circuits
- Review project Instrumentation, Control, and Remote Monitoring requirements for individual projects; assist with the I&C design as needed.
- Work toward keeping current tasks within schedule and budget to fit the needs of the project.
- Provide data, as required, for cost estimating and secure preliminary equipment costs for review.

- Investigate new methods and implement new ideas and/or procedures as may be advantageous to the Company and clients.
- Participate in preparation of bid documents for electrical works Existing Building Renovations and Upgrades, Pump Stations, Water and Waste Water Treatment Plant Upgrades, Roadway Lighting, and other Miscellaneous works
- Produce designs and Electrical layouts for Pumping Stations, buildings, including: layout plan, the power installation plan, telephone, fire, panic
- Plan of electrical and computer network. Computer network design should be carefully coordinated with ICT manager.
- Supervise and participate in any test conducted by contractors and manufacturer of the supplied machinery on the factory and on areas concerning trial, load, reliability, efficiency and field tests for distribution and lighting at the site for pre- commissioning and commissioning of High and Low Voltages electrical equipment
- Monitor performance of electrical work at the site and review/prepare monthly progress report and compare this with the detailed progress schedule stipulated in the contract
- Review electrical engineering designs submitted by consultancy firms and provide comments
- Monitor performance of electrical work at the site and review/prepare monthly progress report and compare this with the detailed progress schedule stipulated in the contract
- Assist and train Engineers and Electricians on operation and maintenance of the power plants and all other electrical
- Supervise contractors' works, ensure quality of works done by them and analyze/write reports indicating the progress of construction, to serve as basis for making progress payment
- Provide engineering and technical support in revising existing water supply and sewerage system design specifications.
- Provision of technical input to the designs, procurement plans, tender documents and TORs that include feasibility study, design, implementation/construction, stakeholder involvement, quality control of project implementation.
- Prepare and review reports and design documentation for Electromechanical works related to water supply, wastewater, storm-water, and pump stations according to standards and regulations (electric control panels, pumps, pipelines, suction and discharge pipes, flow, level & pressure control equipment, pressure vessel, valves, reservoirs, transformers, gauges)
- Manage Contractors, undertake technical reviews, and progress reporting and liaising with developers, internal and external members
- Quality control for on-site equipment. Control of procedures applied for the storage and warehousing of the hydro-electromechanical systems.
- Review and / or supervise the preparation of construction estimates, schedules and budgets as required.
- Performs technical reviews of drawings, product data, material samples, purchase orders, subcontracts, inspection reports, delivery schedules, instruction manuals, Contractors' shop drawings and technical data to assure compliance with the requirements of the Contract package
- Participate with the Technical department and other departments in design and construction of water supply & Sewerage projects and and advice suitable solutions according to the performance of electromechanical equipment.
- Provide technical design advice, reports
- Ensure the relevant QA procedures are followed without exceptions
- Assistance for the organisation and supervision of works acceptance testing
- Technical review of compliant drawings relating to the hydro-electromechanical equipment,
- Control of fabrication of hydro-electromechanical equipment
- Provide Technical Assistance in Calibration of Electro-mechanical Equipment

- Control on site of hydro-electromechanical construction and installation (welding, pumps, pipelines, electric control panels, MV/LV unit, transformer, valves, bridled parts, gates, section and discharge pipes, reservoirs equipment, crane, thermo generator, pressure vessel...).
- Assist water and sewerage department in developing SOPs required for the water supply and sewerage service delivery.
- Provide technical and engineering support in upgrading existing water supply and sewerage infrastructure
- Providing support and technical input to the design, implementation/construction, stakeholder involvement, quality control and risk management
- Providing support and technical input towards the design and revision of detailed work plans, related procurement plans, tender documents, TORs, implementation and review of project deliverables
- Provide hands-on support to the Project Manager, other project staff and the Technical Department in the areas of project management and planning, management of site activities, regular monitoring of the project;
- Verify the BOQs and bidding documents in line with the current market rates, government guidelines and FIDIC conditions of contract.
- Ensure the invitation of bids, bids evaluation, and awarding of contract by the Company is done in a transparent manner and in accordance to the Public Procurement and Assets Disposal Act, 2015 requirements.
- Ensure that the Company selects the most appropriate sites for the construction of the water and sewerage infrastructure while taking into account the local conditions (legal and technical constraints and social circumstances).
- Periodically support the Company in the inspection of works during distinct milestones to ensure compliance to the set works specification, timelines and cost.
- Ensure that the materials procured are of good quality and to specifications.
- Ensure the contract(s) signed between the Company and the Contractor(s) are respected. Provide support to the Company to facilitate contract management.
- Ensure that technical works are coordinated with the non-technical activities.
- Participate in Project Inspection, Preparation of snag list of defects, handing over, preparation of completion reports and completion certificates.
- Provide support to the Company enabling staff to carry out all necessary
- maintenance & repair works.
